

## OUR MOVING TIPS FOR YOUR UPCOMING MOVE

Try to complete packing a few days before moving day. Have your boxes labelled and or numbered. [Call us if you are running out of time and need help packing.](#)

Accompany movers as they walk through your household and resolve any questions regarding the condition of items being moved.

Set aside things you'll personally bring to your new home such as jewelry, laptop and important files including checkbook, cash and financial records.

Before the moving van leaves take one final look throughout the house to make sure nothing is left behind.

Disconnect stereos, TVs, DVD players, desktop computer, printer and other electronics including washer & dryer.

At your new home, show the movers where to place furniture and boxes.

Empty, clean and defrost the refrigerator at least 24 hours before your move. Or get an ice chest to put perishable items from fridge.

Payment will be collected upon completion of the move in the form of Credit Card, personal check (for local moves), Cashiers check (for out of state moves), or cash. If you decide to tip your movers, please tip in the form of cash to each mover.

We'll call to confirm the day before moving day and go over the arrival time and other details about your move.

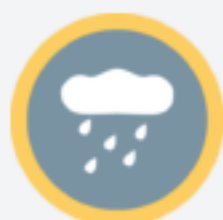

Check to make sure everything was delivered before signing delivery papers. Note if any damages on the Bill of Lading.

Be present when the movers arrive to answer questions and give any special instructions to the movers.

Sign and keep a copy of the Bill of Lading

## HOW TO MAKE YOUR WINTER MOVE GO SMOOTHLY

Check the weather: In the winter, especially in Colorado, the weather can change at the drop of a hat. Make sure you are checking the weather leading up to the big moving day, to ensure you stay well prepared for anything mother nature decides to throw your way.

Clear the snow: If it has recently snow make sure all walkways to the house are cleaned of snow. If you are moving close by it is a good idea to visit the home the day before the move and ensure that the house is easily accessible. You will also want to make sure there is space to park any vehicles & moving trucks.

Dress in layers: The day of the move maybe a cold one, dress in layers so you can shed them if you being to overheat. Changing between constant hot and cold of indoors to outdoors can take a toll on you so be sure to regulate your body temperature.
